# Akshar AI

## SMARTREPLY AI BOT – LIVE DEMO

**Your 24/7 AI-Powered Telegram Assistant**

**Automate customer conversations, respond instantly, and improve satisfaction without any technical setup.**
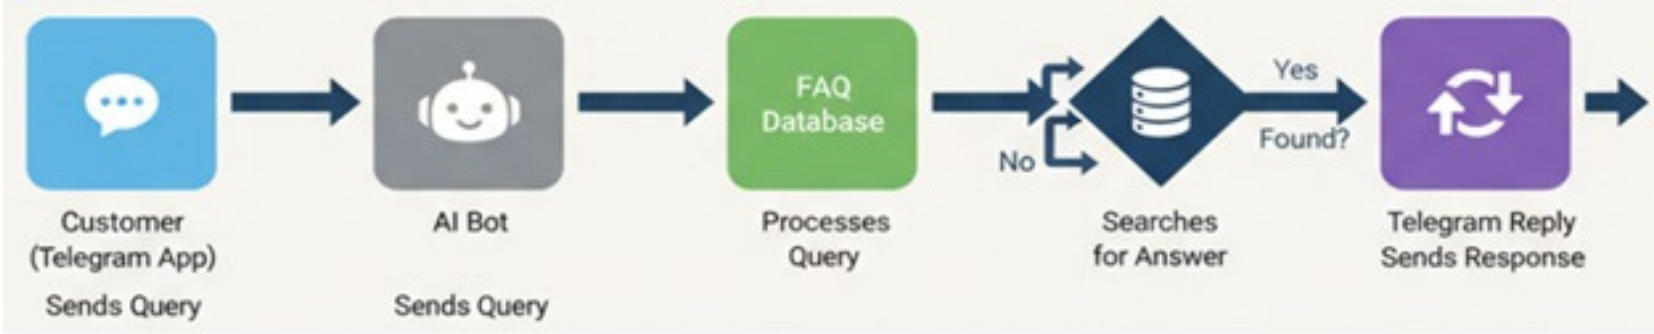

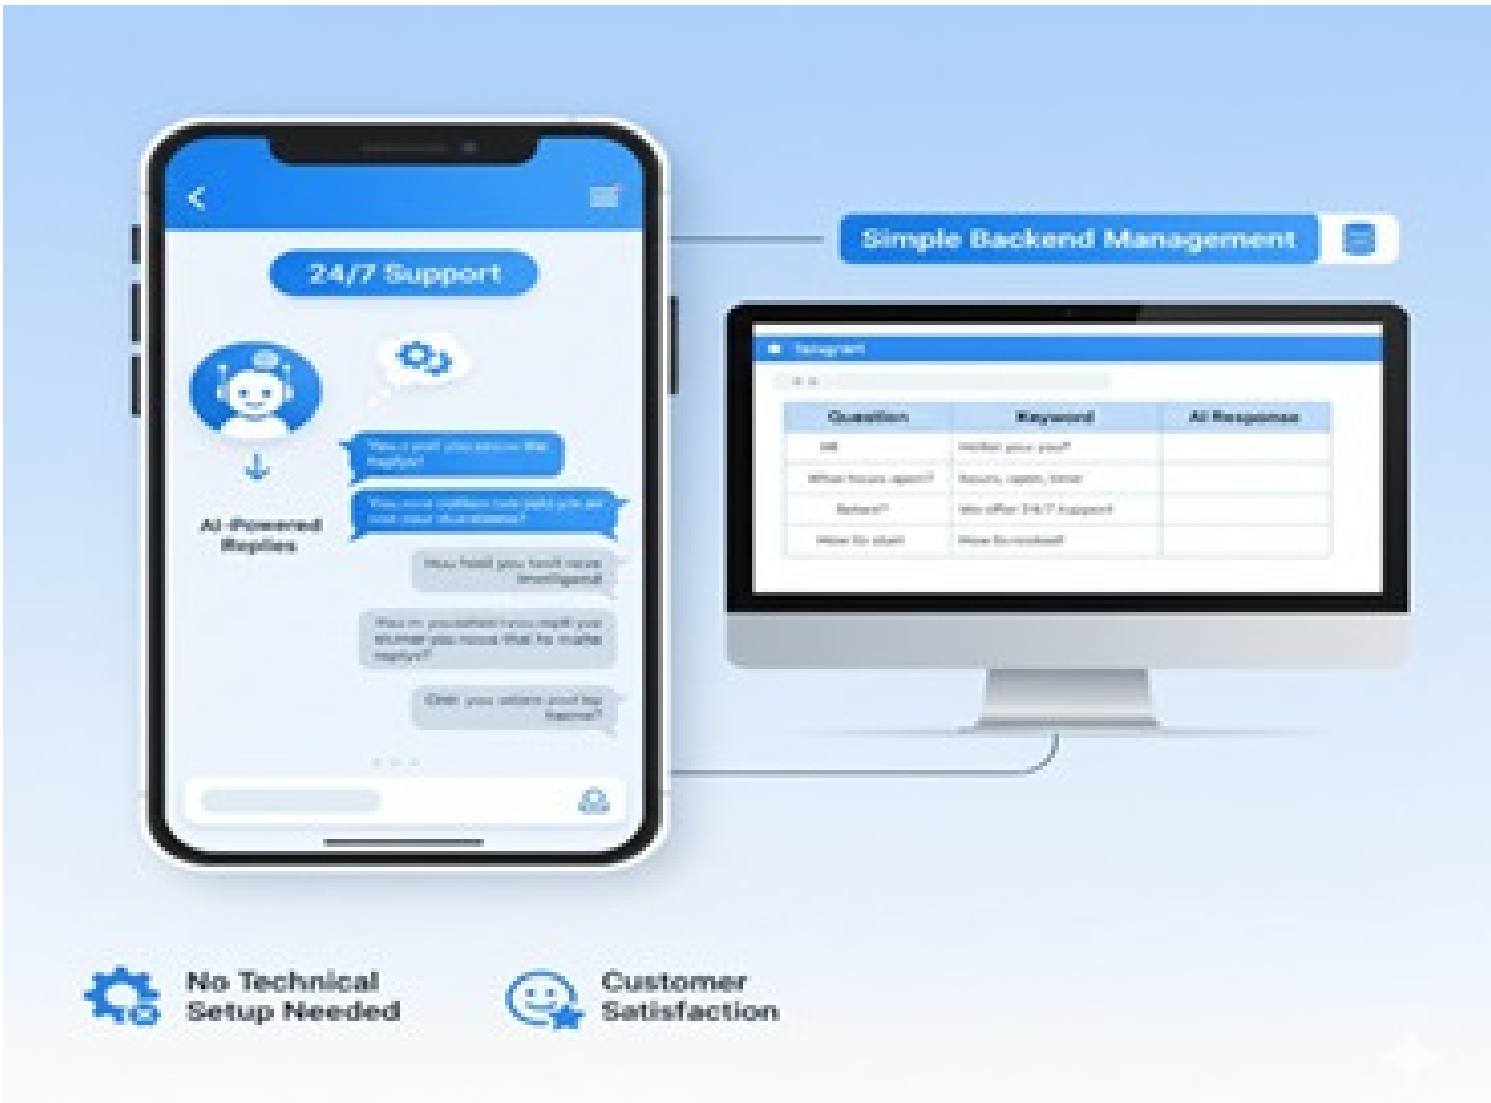

# Welcome to SmartReply AI Bot

SmartReply AI Bot is your 24/7 AI-powered Telegram assistant, designed to help businesses automate customer conversations efficiently and professionally. With no technical setup required, SmartReply instantly responds to customer queries using intelligent automation, ensuring faster response times, improved satisfaction, and consistent communication.

## Key Features & Benefits

- Up to 15,000 automated Telegram replies per month
- Fully automated FAQ management – no manual responses required
- No coding or technical setup – ready to launch instantly
- Quick deployment and seamless Telegram integration
- Scalable – handles large message volumes easily
- Easy to update FAQ database – manage replies effortlessly
- Improves customer satisfaction through faster, consistent responses

## How It Works

1. Customer sends a message via Telegram.
2. AI engine analyses the message and identifies the intent.
3. Bot searches the FAQ database for the most relevant response.
4. Instant automated reply is sent back to the customer.

**Automation Flow: Telegram ® SmartReply Bot ® FAQDatabase ® Instant Telegram Reply**

## Why Choose SmartReply AI Bot

- Reliable 24/7 AI Assistance – Never miss a customer message
- Boost Efficiency – Automate repetitive customer interactions
- Scalable Solution – Easily manage increasing message volumes
- Simple Flat-Rate Pricing – No hidden fees or overage charges
- Easy Maintenance – Quickly update your FAQs anytime
- Customer-Centric Approach – Enhance engagement and satisfaction

## Getting Started

1. Choose your preferred plan (Monthly, 3-Month, 6-Month, or 12-Month).
2. Your SmartReply AI Bot will be configured and activated.
3. Begin replying to customers automatically on Telegram.

## Pricing Plans

| Plan Duration | Price | Messages Included |
|---|---|---|
| 1 Month | $149 | 15,000 |
| 3 Months | $399 | 15,000/month |
| 6 Months | $699 | 15,000/month |
| 12 Months | $1299 | 15,000/month |

## Demo Section – Try It Yourself

**Test the Telegram Bot:**
- Scan the first QR code below to open the demo SmartReply AI Bot on Telegram.
- Send a message (e.g., "What are your pricing plans?") to see instant AI responses.

**View FAQ Database:**
- Scan the second QR code to access a read-only Google Sheet containing the FAQ database powering the bot.
- Explore the structure and content of automated responses.

**The QR codes are on the last page: the first is for the Telegram bot, and the second is for the linked FAQ database.**
